

The GREENS under Richard Di Natale have sold out

The Greens are vigorously supporting the Liberal Government's forced vaccination and fluoride program. Richard Di Natale is a lackey to Big Pharma, and **the Greens have lost their way**. Their day has passed, and they are not friends of the most important environment—OUR BODIES!

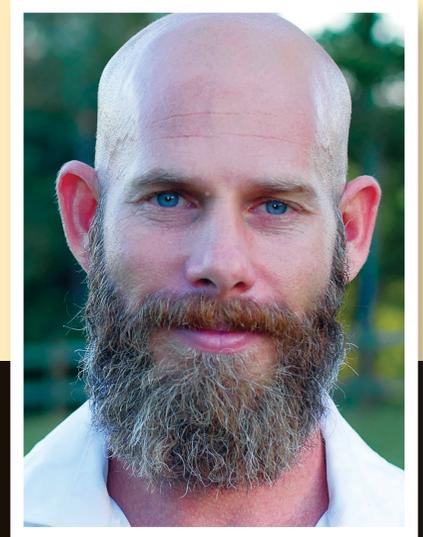

There is a better option

TOM BARNETT

Involuntary Medication Objectors
(Vaccination/Fluoride) Party

I will fight for your democratic rights to...

- ▶ Childcare access, government benefits and career choice without vaccine requirements.
- ▶ Have independent medical science that is of the highest standard for all vaccine and fluoride policies.
- ▶ Decide what vaccines and medical procedures are suitable for you and your children, and insist on INFORMED CONSENT!
- ▶ Choose complementary/alternative healthcare.
- ▶ Encompass your cultural heritage, embrace your traditional health practices and respect your religious beliefs.
- ▶ Fluoride-free water, GMO-free food and an eco-friendly environment.
